**Table of the document XML_specification_FIE_2019 of September 7, 2018
currently being implemented at the FIE for 2019**

Attribute name	Type	Mandatory For FIE	Comment
Annee	Xs:string	x	Year or season where the competition took place. In the case of FIE competition, this will hold 2 consecutive years separated by the « / » character, e.g. 2002/2003.
Arme	Xs:string	x	Weapon code of the competition. Allowed values are (F = Foil, E = Epée and S = Sabre, M = Mixed)
Categorie	Xs:string	x	Competition category. Usual values are: S = Senior, J = Junior, C = Cadet, V = Veteran, ...)
Championnat	Xs:string	x	The Championnat attribute identifies the organization which holds the calendar and the ranking (FIE or IOC nation code for each country)
Classe	Xs:string		Classification for handisport competitions (A, B, C, Open)
Date	Xs:string	x	Start day of the competition with the following format: DD.MM.YYYY. Required for the Scoreboards (it is also possible to use the new "Date" attribute of the element "Match" because a lot of competitions last more than one day).
DateDebut	Xs:string		For competitions spanning several days in format: DD.MM.YYYY
DateFin	Xs:string		For competitions spanning several days in format: DD.MM.YYYY
DateFichierXML	Xs:string		Date of creation of the XML file (from FIE document 2012) in the following format: DD.MM.YYYY HH:MM
Domaine	Xs:string		Competition domain code. The allowed values are: I = International, N = National,

			R = Regional, L = League, C = clubs, Z = zone
Federation	Xs:string		Code of the federation in charge of the competition. The allowed values are the nation codes defined by IOC (optional)
ID	Xs:string	x	The ID attribute is a unique identifier in the organizer's calendar. In the FIE case, this ID is provided to the organizers in the input preparatory file.
IDTournoi	Xs:string		Tournament ID (similar to competition ID, but applied to a group of related competitions)
Lieu	Xs:string		Location of the competition
LiveURL	Xs:string		URL for live results
Organisateur	Xs:string		Optional – Name of the organizer
Sexe	Xs:string	x	Gender of the competition. Allowed vales are: M (masculine), F, (feminine), X (mixed). Required for the Scoreboards and the Scouting.
TitreCourt	Xs:string		Short text representing the competition name (optional)
TitreCourtTournoi	Xs:string		Tournament short description
TitreLong	Xs:string		Long name representing the competition name (optional)
TitreLongTournoi	Xs:string		Tournament long description
Titre1	Xs:string		To split titles in several lines
Titre2	Xs:string		To split titles in several lines
Titre3	Xs:string		To split titles in several lines
Titre4	Xs:string		To split titles in several lines

URLorganisateur	Xs:string		Link on the organizer web site
Version	Xs:string	x	Version of the XML grammar (3.3 for this document version)
VideoURL	Xs:string		Video URL
ZoneHoraire	Xs:string		Time zone of the competition (GMT, GMT+1, GMT-1...)
